

Youth Services Community Mission Project

Youth Services serves the academically at-risk students of Bowling Green High School and Junior High. They help minimize or eliminate non-cognitive barriers to learning so students are able to succeed in school. They are similar to our local elementary schools' Family Resource Centers in that they provide non-educational resources to students like clothing, hygiene products and food.

Broadway United Methodist Church, as part of the As One Campaign, will be collecting and donating the items below to this much needed community service.

You can make a difference in the life of a student by helping with this mission project.
