

# Mrs. Becky

Hi!

I am honored and excited to be your child's Pre-K teacher this year. I am really looking forward to getting to know all the children and each of their special talents and personalities. During the school year, your little one will be learning so much. This will include academic, social, and spiritual skills that will benefit them next year as they start kindergarten and for the rest of their lives. I am SO looking forward to getting started on this journey of education and development for your child!

I am a retired registered nurse and this is my first year here at ELC. I have taught preschool Sunday school here at Broadway for more than 3 years. In addition, I raised a son who is 33 and am now the proud Bebe to my first grandson who is 5 months old. I am married to my husband David, whom I met here at Broadway. He plays guitar in the praise band regularly and I sing in the praise choir. We attend live music events in Bowling Green and the surrounding area and look forward to visiting our children and grandchild who live all over the United States. We also love to prepare and enjoy delicious food. I am looking forward to meeting all of you!
