

# Mrs. Kerry

Hello!

I am very excited to be one of your teachers at the ELC. This will be my fifth year teaching the 3 year old class and it is by far my favorite age to teach! You will have so much fun while you learn. You will be introduced to learning centers like math, science, art, and literacy. You will make new friends and you will learn to play together. It's going to be a great year of learning and growing!

About me: I have been married for 26 years to my husband, Shane. We have four children: Leah (22), Logan (17), and twins Lily and Landon (11). I have been a member of BUMC since 2005 and I worked in Kids Zone for a few years before making the move to the ELC to teach in the toddler class. In my spare time I love to read, travel, and watch my kids play soccer, volleyball and tennis.

I can't wait to meet you!
