

Mrs. Stephanie

HELLO! I am so happy to be teaching in the 3 year old class with Mrs. Carrie this school year! I started working at ELC as a Sub. and soon realized how much I loved working with the little ones and the staff at ELC. I look forward to teaching about the love God has for all of us. I am so excited to see how God is moving in this school. I can't wait to get started with Mrs. Carrie and our new class!

A LITTLE BIT ABOUT ME: I am from Bowling Green Kentucky. I have worked in the banking and financial industry, but find the greatest pleasure working with these little friends. My children have attended ELC in the past, and I just love the program and the people. My goal is for them to learn about God, and have fun. I enjoy spending time with my family, and my dogs Kenzi and Cooper. I like to garden and swim. I am so excited to get back to work with my ELC family.

IN THIS CLASSROOM: I want each child to feel special and loved. Each child is precious to us. The three year old class is so exciting because they are growing up and doing new things. I love sharing their excitement when they learn or discover something new. I am looking forward to getting to know each of you.
